

## EDAC CERTIFICATION

**Dustin Goffron**  
CHD-04-3031

has been assessed by a standardized examination and been found to meet or exceed established standards for EDAC (Evidence-Based Design Accreditation and Certification). The EDAC Advisory Council declares, therefore, that this individual is certified pursuant to recognized criteria, with continued accreditation contingent upon completion of required continuing education credits, and subject to the individual's pledge to always comply with the accrediting body's published standards.
